

ROC (b) (6) 2014\_11\_18  
 FROM: Bartolome J Canellas (6SF-RL)  
 TO: Site File  
 DATE: 10/20/2014  
 SITE: Wilcox Refinery  
 SUBJECT: (b) (6), call of 11/18/2014 property owner in Bristow, OK,  
 telephone number (b) (6).

1. State contact - ODEQ Todd Downham, 405-702-5136, [Todd.downham@deq.ok.gov](mailto:Todd.downham@deq.ok.gov)
2. (b) (6) left called 11/18/14, he is concerned about his children that was recently tested for lead and wants EPA to accelerate the Wilcox remediation. He indicated the water is fine, but he is concerned about the soil and his child.
3. He indicated he lives in the third house from the intersection of the railroad tract, (b) (6) (b) (6).
4. Called Todd Downham 11/18/2014 and left voice mail to call me back so that we could discuss best way to address (b) (6) concern.
5. (b) (6) concern is soil and lead. He wants prompt action because oily material on soil and concern for his child. Tried to explain there is a petroleum exclusion and the need to investigate for other substance that could make this a waste subject to regulation under CERCLA.
6. Actions taken:
  - Reviewed location from internet aerial photo search at provided address.
  - Coordinated with J Danielson aerial photo search of the address.
  - Property is area previously visited, oily staining was noted at that time, and property was subject of removal fencing.
  - Requested OSC confirmation of removal property. Response yes.
  - Reviewed previous ESI sampling locations with high lead levels and these are far west on separate property and far from Mr (b) (6) home. Still further future investigations needs to be completed as part of the Superfund RI/FS process.
7. ODEQ Questions/discussions:
  - Verify (b) (6) property the third house to the right from the railroad crossing? Response yes.
  - Discussed his location with where high lead levels were found in the past and this was in a separate parcel west from where (b) (6) is located. Will further review old ESIs.
  - Can they (ODEQ) further inquire in child lead results and advice (b) (6)? Response will discuss with managers and OK Dept of Health. Discussed Health Dept has done lead studies for other counties and sites in OK.
  - Will ODEQ consider an incremental soil sampling around (b) (6) yard, Todd familiar with this approach. Response, will discuss with managers.
  - After consulting with ODEQ they cannot do sampling within their grant, requested EPA assistance.

- EPA management notified 11/19/14 of situation, John informed sampling will be done and he is coordinating with Ronnie.
- EPA management informed RPM 11/20/14 that Ronnie agree and sampling will be done through Mark Hayes in removal.
